Career Services

Help students achieve their academic, career and life goals more efficiently

Our dynamic platform can be used piece by piece with the ability to turn features on and off to create a customized environment. Create a humanized solution that allows you to help students plan for their future after graduation.

Video
- Asynchronous career training and resume building
- Engage in synchronous meetings to conduct mock interviews
- Internship consultations
- Portfolio creation

Chat
- Streamline communication through multiple modalities
- Advise, answer questions, and deliver meaningful resources in an efficient, personal manner
- Facilitate conversations between alumni and current students

Surveys
- Distribute targeted surveys to receive outcomes data that can be used to improve operations
- Create important marketing communications for alumni job placement statistics
