Retrieve Platform Integrations

Amplify Your LMS Today

Immerse students in an environment made to create and nurture long-lasting relationships. Maximize engagement by getting to know your students through a whole suite of interactive tools.

Single Sign On

Already using an LMS? Sign on using your existing credentials to maximize the learning opportunity. Retrieve and Blackboard integrate seamlessly.

Student Retention

There are many factors to increasing student retention, but one thing is constant, and that is the relationships that are built between student, professors & the institution. The Retrieve platform provides you with the enhanced tools to build these relationships.

Modern Discussion Boards

Collaborate using synchronous and asynchronous communication. Take it one step further with the web conferencing tool for face-to-face interactions.
