Student Retention in the VTS

Advising, Mentoring & Support

- Foster meaningful relationships with every student
- Schedule and host face-to-face advising sessions through the scheduling & meet tools
- Allow advisors and student success faculty to collaborate in a centralized location
- Transform FAQs into dynamic content to minimize repetitive support questions

Tailored Learning Experience

- Easily enroll in affordable gateway courses
- Material in multiple modalities creates an equal learning opportunity for students of all learning styles
- Create personalized goals to boost student success
- Analyze comprehensive reports to identify at-risk students & build intervention programs that work

Engagement & Interaction

- Discussion threads, breakout sessions and open forums can be used to promote student support & connectivity
- Utilize the survey feature to gather student feedback and set expectations throughout the student journey
- Build cooperative-learning objectives through assignments, discussions, experiments and reviews
