Develop Workforce Partnerships

Employees can earn stackable credentials through bite-sized courses & trainings. Engage your workforce partners by providing skill-based knowledge they can immediately apply to their current position. Make lifelong learning an engaging and dynamic experience.

Integrations

Amplify your L.M.S. by integrating Retrieve!

Already using an LMS at your institution? Optimize discussion boards, track course progress and grades, schedule advising or group meetings and so much more. Maximize engagement by getting to know your students through a whole suite of learning and communication tools.

Mobility & Modalities

Allow students, professors and advisors to communicate via synchronous or asynchronous text, video, images, files and web conferencing. Access courses and full programs on any device; at any time. Transform your textbooks into an interactive suite of learning resources. Give learners a self-paced educational experience, all while bringing the instructor back into the equation.
